

PORTLAND, OR

Oregon Health & Science University (OHSU) Elks Children's Eye Clinic

This 60,000 sf, 5-story pediatric eye clinic at OHSU offers vision care, trials, and gene therapy. Built on time/on budget, LEED Silver, award-winning, and fully modeled with PAE in a TVD process.

This 60,000 sf, 5-story structure houses the nation's first free-standing pediatric eye clinic that provides childhood vision screening and treatment programs, space for clinical trials and a gene Therapy Center. Located on the OHSU Marquam Hill campus, it was built on time and on budget, receiving the Portland Design Commission's 3rd Annual Design Excellence award in 2019. Constructed in a collaborative, TVD Delivery environment. We modeled everything for PAE with their guidance and help producing the drawing sets. The project achieved LEED Silver status.

MARKET SECTOR

- Healthcare

DELIVERY METHOD

- Integrated Project Delivery (IPD)

CLIENT/OWNER
Oregon Health & Science University

GENERAL CONTRACTOR
Skanska USA Building Inc.

ARCHITECT
